East Asian Studies,
Pre-Health

WORK EXPERIENCE

SOFTWARE ENGINEERING FELLOW

GENERAL ASSEMBLY | BOSTON, MA

SEP 2019 – DEC 2019

Developed four applications during a 500+ hour, 12-week intensive career accelerator focusing on coding using key languages and frameworks.

Featured projects:

BOS.EATS

- Built an image sharing full-stack application utilizing a back end built with Express and a MongoDB non-relational database.
- Led team of three developers as scrum master to track project progress.
- Implemented AWS buckets to upload and store images.
- MVP met in 3 days.

Built with **AWS, Multer, MongoDB, Express, Node.js, Ajax, Handlebars, HTML, Sass, Bootstrap**

STUDYO

- Built data storage single-page application utilizing MongoDB, Express, React, Node.
- Designed clean user interface utilizing the React-Bootstrap library.
- Employed CRUD actions for signed-in users to create topics and questions.
- MVP met in 4 days.

Built with **MongoDB, Express, React.js, Node.js, Axios, Sass, Bootstrap**

sMoo

- Built a full-stack recipe catalog application built with Ruby on Rails and a PostgreSQL relational database.
- Implemented Handlebars templates to display response data to achieve DRY code.
- Met MVP in 3 days.

Built with **Ruby, Rails, JavaScript, Ajax, Handlebars, HTML, Sass, Bootstrap**

CERTIFIED YOGA SCULPT INSTRUCTOR

SELF | BOSTON, MA

NOV 2019-CURRENT

- Challenges yoga students to a heated workout incorporating yoga with weighted aerobic exercises.

CLINICAL CARE COORDINATOR/LEAD TRAINER

NEWTON WELLESLEY DERMATOLOGY | WELLESLEY, MA

JUNE 2016-AUG 2019

- Collaborated with team of physicians, physician assistants, medical assistants, and clerical staff daily to meet needs of hundreds of patients.
- Trained incoming team members' key skills and competencies to handle private health information and assist in dermatologic procedures.
