## WORK EXPERIENCE

### SOFTWARE ENGINEERING FELLOW

**GENERAL ASSEMBLY | BOSTON, MA**

**SEP 2019 – DEC 2019**

Trained for 500+ hours in this 12-week intensive career accelerator focusing on practical skill building and teamwork by creating interactive, full-stack applications using key languages and frameworks. Featured projects:

### BOS.EATS

- Built an image sharing full-stack application utilizing a back end built with Express and a MongoDB non-relational database.
- Led team of three developers as scrum master to organize tasks and schedule.
- Implemented AWS buckets to upload and store images.
- MVP met in 3 days.

*Built with **AWS, Multer, MongoDB, Express, Node.js, Ajax, Handlebars, HTML, Sass, Bootstrap***

### STUDYO

- Built data storage single-page application utilizing MongoDB, Express, React, Node.
- Designed clean user interface utilizing the React-Bootstrap library.
- Employed CRUD actions for signed-in users to create topics and questions.
- MVP met in 4 days.

*Built with **MongoDB, Express, React.js, Node.js, Axios, Sass, Bootstrap***

### sMoo

- Built a full-stack recipe catalog application built with Ruby on Rails and a PostgreSQL relational database. Signed in users can access, update, and modify private catalogs.
- Implemented Handlebars templates to display response data to achieve DRY code.
- Met MVP in 3 days.

*Built with **Ruby, Rails, JavaScript, Ajax, Handlebars, HTML, Sass, Bootstrap***

### CERTIFIED YOGA SCULPT INSTRUCTOR

**SELF | BOSTON, MA**

**NOV 2019-CURRENT**

- Challenges yoga students to a heated workout incorporating yoga with weighted aerobic exercises.

### CLINICAL CARE COORDINATOR/LEAD TRAINER

**NEWTON WELLESLEY DERMATOLOGY ASSOCIATES | WELLESLEY, MA**

**JUNE 2016-AUG 2019**

- Collaborated with team of physicians, physician assistants, medical assistants, and clerical staff daily to meet needs of hundreds of patients.
