Pre-Health

EXPERIENCE

SOFTWARE ENGINEERING IMMERSIVE

GENERAL ASSEMBLY

BOSTON, MA

SEP 2019 – DEC 2019

Trained for 500+ hours in this 12-week intensive career accelerator focusing on practical skill building and teamwork by creating interactive, full-stack applications using key languages and frameworks.

Featured Projects:

STUDYO

- Developed a full stack application built with React.js front-end and Express back end in 4 days.
- Designed a clean user interface utilizing the React-Bootstrap library.
- Collaborated with classmates to troubleshoot and resolve bugs.
- Created a RESTful backend to store data persistently in an online database.
Built with MongoDB, Express, React.js, Node.js, Axios, Sass, Bootstrap

BOS.EATS

- Teamed up with three developers to build an image sharing full-stack application utilizing a back end built with Express and a MongoDB non-relational database.
- Led my team as scrum master to create an app in 3 days.
- Implemented AWS buckets to upload and store images.
Built with AWS, Multer, MongoDB, Express, Node.js, Ajax, Handlebars, HTML, Sass, Bootstrap

sMoo

- Built a full-stack recipe catalog application built with Ruby on Rails and a PostgreSQL relational database. Signed in users can access, update, and modify private catalogs.
- Implemented Handlebars templates to display response data to achieve DRYer code.
Built with Ruby, Rails, JavaScript, Ajax, Handlebars, HTML, Sass, Bootstrap

ADDITIONAL EXPERIENCE

CERTIFIED YOGA SCULPT INSTRUCTOR

SELF

BOSTON, MA

NOV 2019 – Present

- Challenges students to a heated workout incorporating yoga with weighted aerobic exercises.

CLINICAL CARE COORDINATOR/LEAD TRAINER

NEWTON WELLESLEY DERMATOLOGY ASSOCIATES, P.C.

WELLESLEY, MA

JUNE 2016 – AUG 2019

- Collaborated with team of physicians, physician assistants, medical assistants, and clerical staff daily to meet needs of hundreds of patients.
